CONDITIONS OF CARTAGE

Couriers Please carries all goods at the customer's risk and subject to the Terms & Conditions of Cartage clearly printed on the front of our invoices and on the cover of the prepaid coupons.

Please ensure that you familiarise yourself with these Terms & Conditions of Cartage before sending any goods. If you have any questions, Couriers Please Customer Service Operators will be more than happy to help. Freight is subject to cubic conversion of 250kg per cubic metre. Some country areas have a depot service only. Prepaid coupons are not transferable. The maximum length of goods for the interstate service is 1.8 metres. Please note we are unable to provide a COD or RP for interstate services.

GOODS WE CANNOT CARRY

The Couriers Please system is a parcel distribution network. The courier picks up parcels from many customers in their area at the same time, then later sort and distribute them for delivery. To protect all consignments, incompatible freight, which by its very nature may damage other freight, cannot be carried. Likewise, any freight which may pose a danger of injury to the courier or a member of staff (because it has sharp or jagged edges, is not adequately packaged, or cannot be handled safely) should not be sent. It may not be accepted by the courier for pick up, or may not be able to be delivered within the normal system.

DANGEROUS GOODS

Couriers Please does NOT carry dangerous goods to intrastate or interstate destinations.

CONTRACTOR NETWORK

Couriers Please Pty Ltd as an independent entity, co-ordinates courier services and the sale of coupons as a service to a network of separate and independently owned and operated private transport operators, including the Contractor. The logo or phrase "Couriers Please", is only used by the network of separate and independently owned and operated private transport operators, including the Contractor, under an agreement with Couriers Please Pty Ltd, and Couriers Please Pty Ltd is not a principal or agent of the network of separate and independently owned and operated private transport operators, or the Contractor.
